Table Talk

- 1) How well do people know people in your neighborhood?
- 2) How soon after meeting someone do they discover you're a Christian?
- 3) How can you most naturally share Jesus in your neighborhood?
- 4) We can get quite task focused, treating people as functional helps, but we need to love the people God has put before us. It can be quite hard to get to know people in our neighborhoods, so how can we take the initiative to spend social time together?
- 5) What could you give up this week to show love in your neighborhood?
- 6) What do you do when someone wants to become a Christian?
- 7) What key issues do you think you need to talk about when someone wants to become a Christian?
