Table Talk

- 1) Have you ever been in an area of the world which is “unreached.” What are the people like? How do they think? What are the problems?
- 2) Even if you have never been in such an area, how do you imagine it would be difficult to live and serve Jesus there? What would the problems be?
- 3) What are some of the characteristics of people in unreached areas of the world? How does the Bible view them?
- 4) How should we pray for people who serve Jesus in areas of the world that are unreached?
