3. The way forward in properly interpreting Scripture

Table Talk

- 1) What is the false gospel of non-condemnation? Where do you see it in our culture? Where do you see it in believers?
- 2) How do people wrongly understand Matthew 7:1-2? How do people wrongly understand John 8:1-11?
- 3) How can we communicate that we are against sin and for sinners? How does Jesus communicate that? Is it possible today to tell someone that their actions are wrong while at the same time that person believes that you love them?
- 4) Why is it important to recover the proper interpretation of Scripture on the issue of judgment? What is the way forward for properly interpreting Scripture on this issue?
