Table Talk

1) Why did God give statutes and rules to Israel? Are you ever tempted to waffle on what obedience means? What temptations do we face to add to the Word of God? What temptations do we face to take away from the Word of God? (vv. 1-2)

2) What is the discipleship process that Moses used to bring about obedience among the people of Israel? How might we incorporate that process in the life of the church? What are the goals of obedience to the laws of God? Why is knowing those goals essential to avoid legalism? Why is knowing those goals essential to loving God's Word? (vv. 3-8)

3) Why is it easy to forget the wonders of God? Why is it difficult to pass the love for God along to future generations? How is painting the picture of a vivid encounter with God helpful in communication of the treasure that knowing God really is? What vivid encounters with God here at East White Oak might we relate to future generations? (vv. 9-14)
